

# Letter of Digital Accessibility Conformance

*February 15th, 2023*

Olark  
427 N Tatnall  
Wilmington, DE  
19801

A360 Enterprises, LLC (Allyant) is an expert in digital accessibility auditing, testing, consulting and training. Olark has engaged Allyant to test and evaluate the accessibility of Olark's desktop and mobile website with a homepage located at [app.olark.com](http://app.olark.com).

Allyant performed live-user accessibility auditing, including but not limited to testing by individuals with disabilities using assistive technology, combined with digital testing tools, on a representative sample of pages of Olark's website. The accessibility audit was completed approximately December 13th, 2022.

As of our Quality Assurance testing on February 15th 2023,, our live-user accessibility testers did not encounter any accessibility blockers that would deny a user using assistive technology from accessing the main content and functionality. The following is the professional opinion of the Allyant testing team:

- The live-user accessibility testers were able to successfully access, use, and navigate the website.
- The website substantially conforms with Level A and Level AA of the Web Content Accessibility Guidelines (WCAG) version 2.1.
- Olark has addressed all significant issues that are in their control including owned source code and content within the scope of the project.

In addition, Olark has retained Allyant to provide ongoing accessibility live-user reviews (remediation support and QA testing) of [app.olark.com](http://app.olark.com). With this in place, Allyant will perform ongoing accessibility testing and support of selected elements of the website, including live-user testing on a regular basis.
